EDUCATION

Fudan University

Computer Science and Technology (Bachelor of Science)

September 2020 - June 2024

INTERN EXPERIENCE

System Operations Engineering

China International Capital Corporation, Summer Intern

July 2023 - August 2023

Robot for Measuring Photosynthetic Efficiency

Shanghai Institute of Plant Physiology and Ecology, Research Intern

February 2023 - May 2023

Industrial Software and Robotic Arm Development

Chongqing Qingyan Technological Intelligent Technology Research Institute, Software Intern

July 2022 - September 2022

PROJECT EXPERIENCE

Enhancing Wargame-python AI with RL

Self-motivated Practice, Independent Developer

August 2023 - September 2023

Slang-Enhanced LLM with Prompt for Humor Understanding

Fudans Undergraduate Research Opportunities Program, Project Leader

April 2023 - March 2024

Visualizing the Friendliness of Cycling Routes

Commonweal Project of Greencode in Alibaba Cloud, Group Leader

October 2022 - November 2022

SKILLS LIST

General Computer Skills

Programming Languages: C/C++, Python, C#, SQL, Bash, Verilog, HTML/CSS, JavaScript

Hardware Experience: Raspberry Pi with GPIO, AGV with OpenCV, MIPS, Robotic Arm

Software & Tools: Low-code, LaTeX, Markdown, Jupyter Notebook, ChatGPT Prompt, Git, Linux

Language

Southwest Mandarin (Perfect)

Standard Chinese (Native, Two levels of second-class)

English (Fluent, CET-6: 565/710)

HONOR

Alibaba Cloud Annual Geek of Greencode

Winter 2022

Third-class Scholarship of Fudan University

Autumn 2022
